No 101

BORDEN'S MISTAKE

HE IS NOW SORRY FOR IT.

Conservative member gives out a little family secret during the debate.

Ottawa, May 2.—The debate on the railway bill was resumed by Borden, nominally elected member for Ontario. He was followed by Gauthier of South Wellington, Boyer of Vancouver, McIntyre of North York, Derbyshire, of Brockville; and Forget of Charlevoix. McIntyre said that the question should be referred to the courts and definitely settle the constitutional point. He did not say whether or not he would vote for the bill, but stated that he would not vote for Borden's amendment. Forget, Conservative, would vote for the Government. He said his leader, Mr. Borden, had made a mistake and was now sorry for it.

Wm. Ross, who represented Victoria, N.S., in the last Parliament, and who was Minister of Militia in the MacKenzie Government, will be appointed to the Senate in place of Curry, who refused the appointment.

PREFERS THE EDMONTON LI TRIST.

Mr. H. Whites, a journalist of wide experience, who is making an extensive tour of Canada in the interest of the London Standard, has been spending a few days in Edmonton. The Secretary of the Board of Trade offered Mr. Whites an opportunity of seeing something of the resources of the Edmonton district, and he was driven about fifty miles through some typical Edmonton farming country. He expressed himself as greatly surprised by the uniform richness of the soil, the pleasing appearance of the country, and the many evidences of a great future for Edmonton, which he saw here. He found conditions very different to what he had been led to expect before reaching here, and he had no hesitation in saying that for a man with a little capital the Edmonton district is much the most attractive section of the Canadian West, that he has yet had an opportunity of seeing.

FIREMEN KILLED

IN A C.P.R. MOUNTAIN WRECK.

Passenger ran into a freight at Downie on Sunday killing two and injuring many.

Winnipeg, May 2nd.—The C.P.R. this afternoon made public the particulars of an accident to the west bound transcontinental at Downie, 11 miles west of Revelstoke on Saturday evening. It appears that a freight was standing on the main line and the passenger train ran into it, both engines locking together. Firemen N. Scott and J. Eastman were killed, and Engineers Wm. McNabb and R. Moserop slightly injured. The injured passengers are Hendrick Mathewson, Thos. Dawson, A. H. Pattison, Mrs. T. Hovort, and Mrs. W. H. Hovort. A tramp named Geo. McDonald was seriously injured. The collision was caused through the fault of the freight crew. The inquiry will investigate the affair. The line was cleared at 12:30 p.m. Sunday. None of the passengers were badly hurt and proceeded on their journey on the second section of the train.

ONE HUNDRED KILLED

BLOODY SCENES IN WARSAW YESTERDAY.

Many Encounters Between Celebrating Poles and the Military Forces.

Warsaw, May 2nd.—One hundred people were killed and wounded yesterday in various disturbances in the city. The troops were uncontrollable and fired into the crowds who retaliated with bombs. The cavalry charged on one procession, for instance, and withdrew, then the infantry poured volleys into the unorganized demonstration and 35 May-day celebrators were left dead on the streets. A similar terrible scene was enacted later in the evening when a workman fired at the soldiers who immediately volleyed the miserable workmen killing or wounding twenty. Late last night the men resorted to bombs and brutal Cossacks, Police and innocent persons were killed by both sides. Many horrible massacres on a small scale occurred in isolated parts of the city. The day's bloodshed has terribly aggravated the situation and the people are at white heat. Friday is the anniversary of the proclamation of the Polish Constitution and greater trouble is expected then. Trains going out are loaded with refugees.

GOOD AGENTS FOR THE Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

THE TELEPHONE PROBLEM.

Elsewhere in this issue appears the text of a motion to be introduced by Ald. Boyle at an early meeting of the city council providing for the reorganization of the Edmonton District telephone system.

While it is understood that the system is and has been a profitable investment for the city the purpose of the motion is to secure the co-operation of the other town and villages in the district, thus preventing the large extensions which will be demanded at an early date becoming a strain on the credit of one of the municipalities. With the combined credit of the municipalities behind it the system could be extended as rapidly as business warranted and would be operated in the general interests of the shareholding corporations. Each of these would of course have a voice in the management of the system.

THINKS WELL OF EDMONTON.

From the News, Birkenhead, England:

About a year ago Mr. T. W. Teape, who had been a bookseller and stationer in the Borough road, Birkenhead, resolved to try his fortune in the North-West Territory of Canada, so he disposed of some of his interests in this country—letting to Mr. Harvey his well-arranged shop in Borough road, which he had built, and which still remains his property—and set out across the Atlantic. Acting upon inquiries he had made, he went direct to the town of Edmonton—or rather the "city," to give it the designation it enjoys on the other side of the "pool," for towns with charters are "cities" in Canada. Mr. Teape is back in Birkenhead on business for a few weeks, and he has been good enough to devote half an hour to chat with a representative of the "News," who conceived that he might have things to tell and experiences to relate that would be useful to people who have their eyes on Canada as a possible future home. Here under is the substance of Mr. Teape's little talk.

Mr. Teape went out to Edmonton to "look around." Edmonton is a place that lies some 200 miles to the north of Calgary, which is on the Canadian Pacific Railway. Practically it has sprung up as a community in the last five years, and it has now a population of 7,500. Possessing as it does a charter, it has a mayor and a council of a dozen aldermen. There are no councillors, as we understand them in contradistinction to aldermen; each member is called an alderman, but the whole body is subject to election. Mr. Teape mentioned one peculiarity of administration which will commend itself to many people in this land, although it might be pronounced impracticable here. Every proposal to spend a considerable sum of money has to be voted upon by the people, and it is their vote that decides whether it shall be carried out or no. Every scheme of sewerage, lighting, electricity, building, and so on goes to the direct vote of the people. The council own the electric lighting plant, telephone system, waterworks, etc., and very soon will own the gas undertaking. The gas is not the coal product that we are familiar with in this country. Our natural gas. A large "pocket" of this gas has been found and there should be wealth behind it for Edmonton, for, as Mr. Teape remarked, "This gas is always the fore-runner of oil," so that when anyone "strikes gas" he may pretty safely be also sure to have struck oil.

Edmonton is evidently a go-ahead place. It has already two daily papers—the "Bulletin" and "Journal," each sold at five cents (2 1/2¢). Each paper has also a weekly edition. The city believes its prospects are bright owing to the fact that it will soon be an important central point in

THINKS WELL OF EDMONTON.

Continued from page two

railway systems. The new "All Canadian Line" from coast to coast, the Grand Trunk Pacific, will run through it, and it is proposed to make the city a "divisional point," with railway workshops, the Canadian railways being worked on a system of divisions or sections. The Canadian Northern Railway will, it is expected, be run into Edmonton from Winnipeg by next autumn, and this will effect a saving in the distance to Winnipeg of three hundred miles as compared with the present branch line from the Canadian Pacific Railway.

"They have splendid public buildings in Edmonton," said Mr. Teape. "There is a good Town Hall, of red brick, and many other large buildings. Some of the stores are very fine. There is a large department store belonging to McDougall and second which compares well with stores in Liverpool and London. There is another belonging to a French firm—Berillio & Co., who have stores in London, Paris and New York, and on the 1st of March last the Hudson Bay Company opened what is the finest store in the North-West—a large building of three floors, where you can get everything, as they say, from a needle to an elephant. There are also several fine churches in the city—Presbyterian, Anglican, Roman Catholic, etc. There is a large natural skating rink, and an opera house in the city."

Mr. Teape went out with the idea that he might take up farming, and he bought 160 acres of land, but he could see that he should require more experience for farming, so he rented those 160 acres to another man and went into the city, where he had been speculating in land, and has various other speculations also. The construction of the Grand Trunk Line will open up a vast stretch of entirely new country, and Edmonton is likely to benefit to such an extent that it is expected the population will amount to fifty thousand in the course of another six or seven years. It has, just now, one particular ambition. The North-West territories were recently divided by the Canadian Parliament into two provinces—Alberta and Saskatchewan. Edmonton is in Alberta province. A legislature will be elected for each province, and a capital for each will then be decided upon. The Canadian Government has made Edmonton the provisional capital of Alberta, and it is expected that when the new parliament meets that arrangement will be confirmed. Calgary is in the running for the honor, but Edmonton's position on the new lines will give it a strong advantage.

Asked about the present prospects of the district and its possibilities

of development, Mr. Teape said: "At present mixed farming is the chief industry around Edmonton, and ranching—raising cattle—but the Grand Trunk Pacific will open up an area of 800 square miles to the north of Edmonton—a district known as the Peace River Valley, which is said by experts to be the coming wheat belt of the West. It has been supposed that wheat could not be grown so far north as even Edmonton, but in more instances than one they have even grown No. 1 hard known as 'fall wheat,' round about Edmonton, much to the astonishment of Eastern people."

A syndicate called the Egg Lake Oil Company, lately started boring for oil, and they have had splendid results. At the end of February they struck what an expert from the California oil-fields pronounced to be one of the largest oil wells ever discovered, and much superior in grade to the Californian. This discovery is very important to the town and district, as it means a cheap and plentiful supply of oil, whereas at present paraffin, or coal oil, costs 25 cents per gallon.

Mr. Teape was prepared for a question about the climate of Alberta, and of the Edmonton district in particular, and he said, "Well, it is nothing like Eastern Canada, which has quite seven months of winter. On the last day of November, I joined in a picnic just outside Edmonton, and it was held upon the grass. The months of December and January were pretty severe—sometimes forty degrees below zero; but as long as you are well wrapped up you don't notice it, because the sun shines brilliantly all the time. The keener the cold, the brighter the sunshine. The houses are all furnace-heated, with grates to keep the temperature comfortable all through. Last winter was not at all a severe or long one. On March 10 the snow was all gone; sleighs were out, and wheeled vehicles were out, and the farmers had commenced seeding. Compare that with Montreal and Halifax, when the snow still lay deep."

Mr. Teape then turned to another subject, about which it is well to have information—the cost of living. "The difference in the cost of living compared with the old country is," he said, "not so great. At the outside, even including such household items as furniture, hardware, and so on it would not be more than 15 per cent over the cost in England. Best butter is from 15 cents (11-20) per lb. in the summer to 25c in the winter; cabbage, two for five cents in the summer, and dear in the winter—25 cents each. Best cuts of beef 2 lbs. for 25 cents in the summer, regular, but in winter you can buy half a side of beef at 6 cents per lb. hanging it outside your house, and cut from it as you want it."

"Naturally refrigerated," said the journalist.

"Quite so," replied Mr. Teape, with

a smile. "The frost keeps it. Rabbits, ducks, and a granite chicken," he added, "are not far from going out on the prairie. Fresh water fish from the lake is cheap—lake trout and white fish 10 cents per lb.; and the best British Columbia salmon brought in refrigerator cars, 15 cents per lb."

"Now what is your experience so far of the country, Mr. Teape? What would you say of its prospects?" Without hesitation Mr. Teape replied: "It is a splendid colony for English people to go to. They are mostly English who are there, and every assistance is given to those going out. There is no doubt it is a magnificent country. Of course, there may be home-sickness at first, and again, those going out with say 500 dollars capital stand a great deal better chance than those without capital. Those who have something to depend upon and will stick there for a time will find work at good wages. Carpenters, joiners, bricklayers, masons, etc., can get \$5 a day (take the dollar at 2s.) and laborers \$2.50. In the winter, not being able to work at their trade, mechanics usually go into the lumber camp, cutting and hauling. They get \$2.50 dollars a day, and it costs them 75 cents a day (2s. 2d.) for living out of that."

"I think that lumber work pretty steady—pretty regular," asked the "News" representative.

"Oh, yes," said Mr. Teape. "They can never get enough men for it." Mr. Teape added that the fixed wage in railway building was \$1.75 per day, and board and lodgings in addition. A few other items as to prices were added. For example, a good horse for \$50; hay, \$1 per ton, delivered coal, \$5 a ton, delivered.

Talking of coal, Mr. Teape mentioned a fact that at first blush may seem surprising—that coal is plentiful in that region of the North-West territories. It is rather "soft," but in the words of Mr. Teape, "there is coal everywhere. You can dig it up in your garden. Pits are not sunk for the coal, but it is quarried out from tunnels driven into the river banks."

Mr. Teape is staying, while in Edmonton, at the Millinery Parlors, 101 Mainland Lodge, Oxford, and has closing words in the interview were, "You may say that I shall be very pleased, while here, to answer any questions, or to give any information to persons who contemplate going out to the North-West."

THE NEWS OF TO-DAY

IN CONDENSED DESPATCHES.

Brief Items from many sources tell the story of the day's events.

MAY DAY QUIET

London, May 2.—May day was generally observed in all European cities and, with the exception of Warsaw, nothing very serious occurred.

HOTELS LOCKED UP.

Thamesville, May 2.—Local option went into effect yesterday and all the hotels are closed and locked up to the great inconvenience of boarders and travellers.

ARMED WITH WINCHESTERS.

Chicago, May 2.—There are now 3,555 teamsters on strike. One thousand non-union teamsters are going to work today armed with Winchester.

DEAD INFANT FOUND.

Regina, May 2.—The dead body of a female infant was found yesterday by children under a sidewalk at the western end of the city.

BUILDING STOPPED.

St. Catharines, May 2.—The building trades are completely at a standstill owing to a strike of carpenters, who are asking an increase of 10 per cent.

STRIKE OFF

Toronto, May 2nd.—Lathers have agreed to resume work and will receive \$3.10 per day.

GEO. GOODERHAM DEAD

Toronto, May 2nd.—Geo. Gooderham the wealthiest man in Canada died suddenly of pneumonia. He was president of the Gooderham & Worts distillery, Bank of Toronto, and numerous Trust, Loan and Insurance Companies.

ST. LAWRENCE NAVIGATION

Montreal, May 2nd.—The Allan Line Ionian will be the first in port this season. The big liner is now in the Gulf making her way through the ice and may arrive tonight. Montreal immigration is now booming. Last week was exceptionally good, 10,000 people coming to Canada to seek new homes. This week will beat all records, 12,000 being due. The C.P.R. has prepared to pass them west expeditiously. These immigrants are English.

LAND OFFICE RETURNS.

Following are the returns for the land office, the business for the month of April, compared with the corresponding month last year:—

	April 1904	1905
Homestead entries.....	183	318
Applications for patent..	45	92
Timber permits.....	101	31
Letters received.....	1518	1513
Letters written.....	1210	1513

ORDINATION SERVICE.

St. Albert, May 2.—On Sunday, May 7, at St. Albert, His Lordship Rt. Rev. Emile Y. Legal, O.M.T., will raise to the dignity of the Holy Priesthood, Rev. Theodore Roques, of Fort Saskatchewan. The ordination will be held at the High Mass, 10 a.m. The friends of the young Levite are invited to attend.

APPRECIATION.

APRIL 25th, 1905.

H. F. SANDEMAN, Esq.,

Agent for the Norwich Union Fire Insurance Co., Strathcona.

DEAR SIR—Allow me to express my appreciation of the courtesy and treatment I have received at the hands of the Norwich Union Fire Insurance Society, in which Company I carried Insurance at the time of the Fire in my Hotel on March 30th last.

The way the Company settles Claims is most satisfactory to a Policy Holder for it loses no time, as a full settlement of my Claim was in my hands within Three Weeks from the date of the Fire. Wishing your Company all the success it deserves.

I beg to remain, yours truly,

(Signed) H. F. SANDEMAN.

BOATS FROM THE NORTH

ARRIVE AT THE LANDING.

Low water impedes navigation on the great waterway to the north.

Athabasca Landing, May 2nd.—The first boats arrived from Lesser Slave Lake yesterday. They report water very low in Little Slave River and ice still on the lake, but very rotten. They also report that the police party for St. John's are still at Peace River Crossing about eighty miles north of Lesser Slave Lake. Revillon Bros. start a boat back today. This will be the first to leave for the north this season. Others will follow tomorrow. John Fraser and party are still here, but all loaded and ready to start down stream this afternoon. He takes the machinery for a new steamer he is building at Chipewyan. The water in the Athabasca is still very low and boats leaving now will not be able to take over five tons in each boat and with this weight expect to have trouble if the water doesn't soon rise. The steamer Midnight Star will be launched today.

MOVEMENT FOR REORGANIZATION.

Ald. Boyle will introduce a Motion this Evening to Include Neighboring Municipalities.

Following is the text of the motion given by Ald. Boyle at Friday evening's meeting of the city council:

Edmonton, April 18th, 1905.
To the Mayor and Council of the city of Edmonton.

Notice of Motion.

Gentlemen:—Take notice that I will move at the next regular meeting of this council, or at a special meeting to be called for that purpose, the following motion:—

1. That in the opinion of this council it is advisable that the Edmonton District Telephone System be reorganized as a Municipal Telephone Company including all the municipal corporations north of West Edmonton in the new Province of Alberta, as shareholders.

2. That the following be a basis for negotiation with the other municipalities.

(a) Application be made at the first session of the Provincial Legislature for the incorporation of a limited company to be known as the "Northern Alberta Municipal Telephone Company Limited." The shareholders in the company to be the following municipal corporations: Leduc, Strathcona, Edmonton, St. Albert, Morinville, and Fort Saskatchewan.

and any other municipal corporation in the province that may hereafter by resolution of the council of said corporation express a desire to become a shareholder or shareholders in the said Municipal Company.

(b) The Edmonton District Telephone System to be taken over by the said Municipal Company at what it has actually cost the city of Edmonton to acquire the same together with cost of subsequent improvements and expansions.

(c) That each Municipal Corporation being a shareholder shall hold stock in the said company from time to time in proportion to the number of local telephones in operation in the municipality for the preceding year and the stockholdings shall be adjusted at the beginning of each year accordingly.

(d) Each Municipal Corporation being a shareholder to jointly guarantee debentures of the company. The Provincial Government to do likewise if it can be so arranged.

(e) Each Municipal Corporation to have representation on the Board of Directors in proportion to the shares held.

(f) Provision to be made for extending the system anywhere in the province and the admitting as shareholders Municipal Corporations that may hereafter be incorporated.

3. That in the opinion of this council a representative should be appointed to discuss this matter with the municipal councils of the other municipalities interested and if a satisfactory agreement can be arrived at, subject to the ratification of the Legislature, then the city do extend as soon as possible the District System along the proposed line of the Canadian Northern Railway with a view to its installation in all the new towns on the said railway to the easterly boundary of the proposed Province of Alberta.

I have the honor to be, Sirs,
Your obedient servant,
(Signed) J. R. Boyle.

—The baseball men meet this evening in the Alberta Hotel at 8 o'clock sharp. All officers and those interested are especially requested to be present. Important business to be transacted.

—At the meeting called yesterday to nominate a candidate for the board of the Edmonton Protestant public school no nomination was made. The meeting was not advertised and no one was present.

—Quapelle Progress Corp. Rosange, of the R. N. W. M. P. has received instructions to close the detachment here at the end of this month. The corporal is to remove to Broadview, and it would appear that Qu'Appelle in future will have no resident policeman.

—The lacrosse and baseball clubs have secured the grounds between Second and Third streets just north of the Edmonton Cattle Co.'s barns. Work was commenced this morning fixing and leveling the same. Bleachers and seats will be provided so that during the coming season all patrons of these teams will be comfortable and may thoroughly enjoy the sport.

—A quiet wedding was solemnized at Alberta College on Tuesday, April 18, when Mr. James Jeffries and Miss Mary E. Rea were united in marriage by Prof. Riddell. The assistants were Miss Edith Jeffries and Mr. Wm. Rea. The wedding party drove to the home of the bride's parents, Mr. and Mrs. Alex. Rea, Clover Bar, where a reception was held in the evening.

—The Deer Advocate? On Wednesday the citizens were called upon by the council to record their votes for or against the following bylaw and proposal: For a sum of \$2,500 to pay for land required by the railway company for extension and further facilities the other for a vote of \$500 to the hospital. The poll was closed at 5 o'clock, when the following was found to be the result: For a sum of \$2,500 to pay for land for railway extension, 68; against 1; majority 67. For \$500 to hospital, 46; against 21; majority 45. 4 spoiled ballots.

BORN.

Cresswell.—To Mr. and Mrs. G. H. Cresswell, Cherry Grove, Edmonton on April 22, a daughter.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land. The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clause 2, 3, or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homestead, to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. CORY,
Deputy Minister of the Interior, N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.
